Forecast for Wednesday 08 Jun 2022

Weather: Heavy rain soon clearing northeast in the early hours but staying mostly cloudy with low cloud covering higher summits. Cloud mainly lifting and breaking through the morning to give some bright spells, but also some heavy, perhaps thundery showers. Cloudy from mid-afternoon as showers turn into longer spells of rain for a time.

Chance of cloud-free hill tops above 700m: 20% overnight improving to 80% by mid to late-morning. Likelihood decreasing to around 50% from mid-afternoon.

Low cloud and visibility: Extensive low cloud down to 300-500 m in the early hours, lifting mostly above summits by mid-morning, just occasionally around summit height in showers. Thicker cloud down to 500 m from mid-afternoon. Very poor visibility within cloud otherwise good occasionally poor in heavy rain or showers.
